# Tabeller eller Grafer

## Tabeller

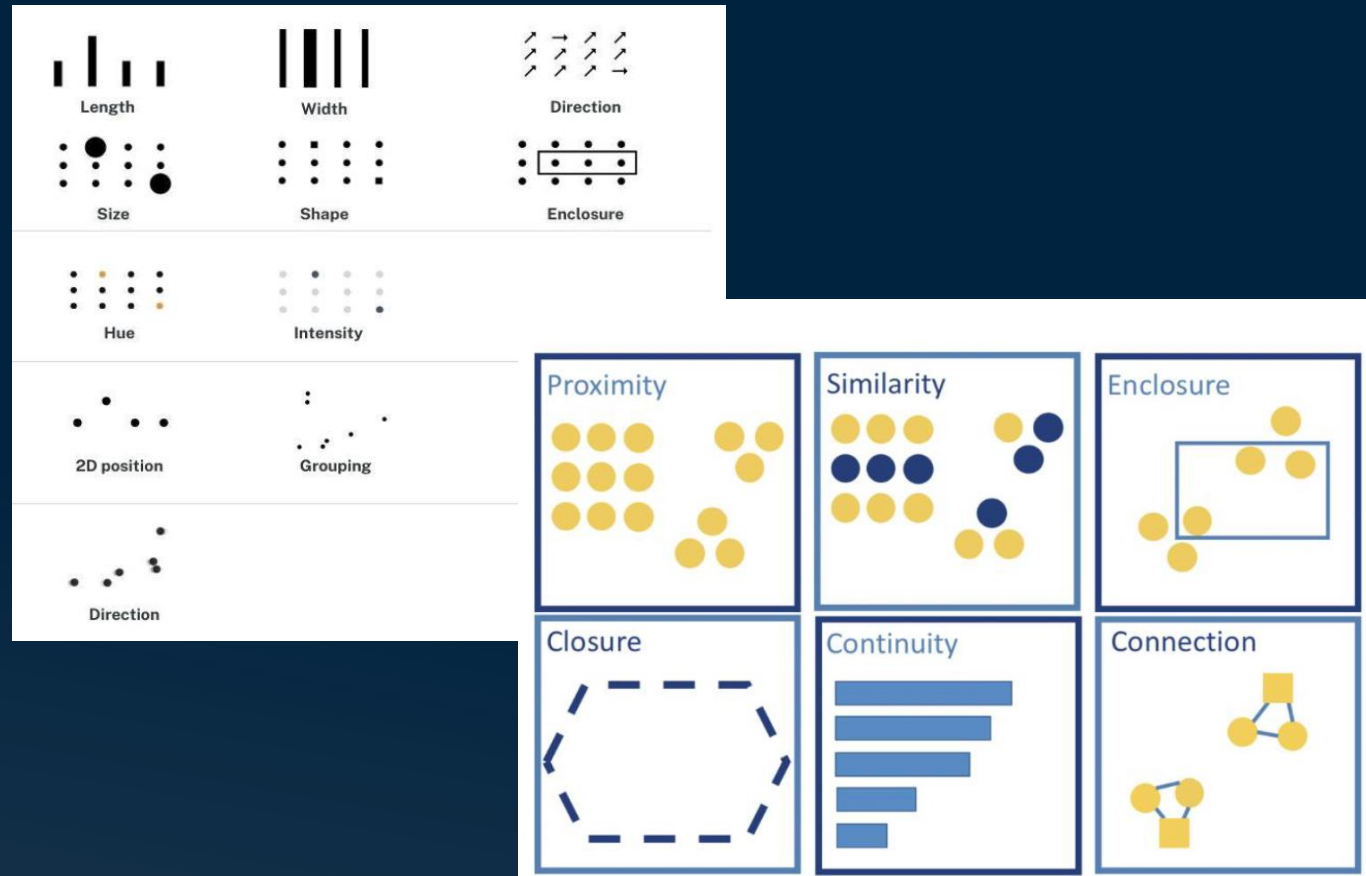

- Slå opp verdier
- Sammenlikne enkelte verdier
- Vise både detaljerte og oppsummerende tall
- Vise kvantitative verdier med mer enn en måle enhet

## Grafer

- Vise trender, mønster, unntak
- Avdekke forhold mellom et/flere sett med verdier

# Primære datakomponenter i grafer

- Punkter
- Søylar
- Linjer
- Bokser

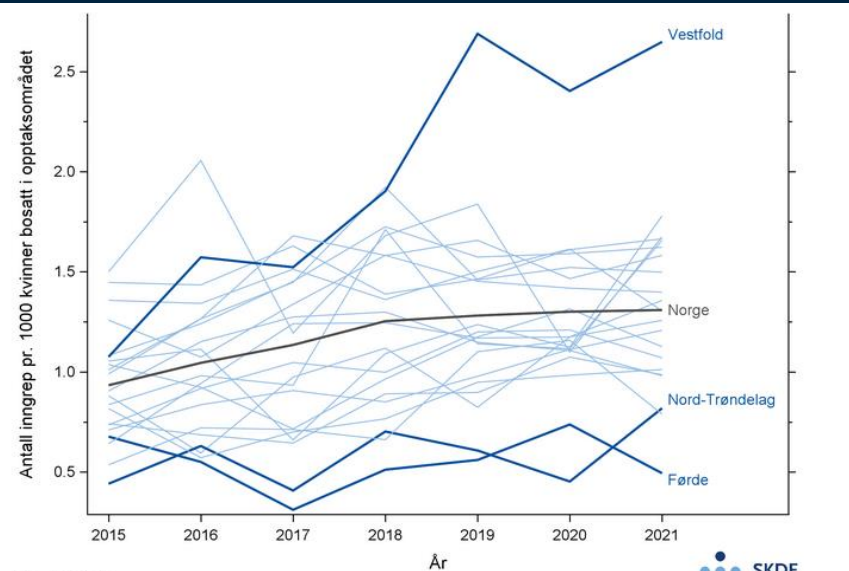

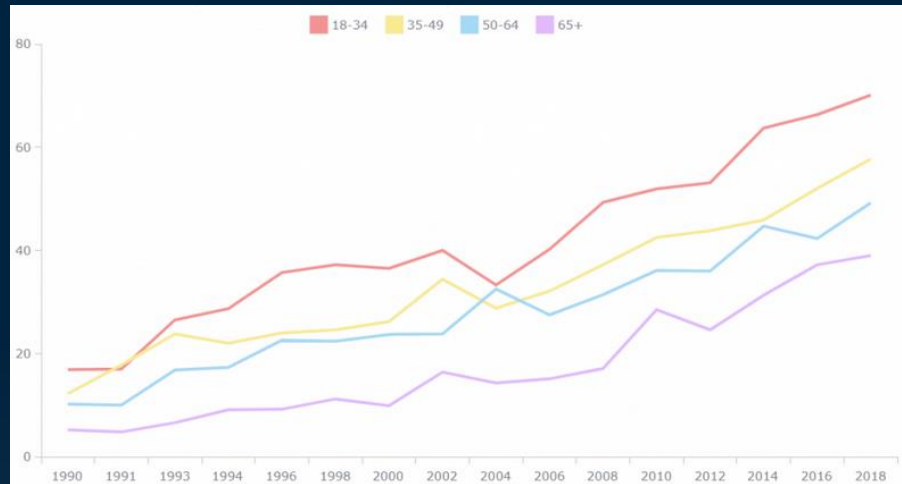

# Sekundære datakomponenter

- Trendlinjer
- Referanselinjer
- Merknader
- Skalaer
- Forklaring

# Andre ikke-datarelaterede komponenter

- Akser
- Dataområdet

# Tidstrend
